Dear Sir/Madam,

Many thanks. We would be delighted to sell the San Zeno calendar to the state of Veneto, and we will happily make whatever accommodations we can to assist in this. We may even be able to suggest a donor or two that you could approach to assist in this. However, please note that we acquired the instrument legally, and have seen no evidence that our offering it for sale contravenes any law.

For your information, the instrument is being offered for private sale and not sale by auction as suggested by your letter.

Thanks.

Please let me know if you have any further queries.

Kind regards,

Daniel
