Dear President Trump,

I am writing to you as President of the Venetian National Liberation Committee - C.L.N.V. and on behalf of the People of Veneto in self-determination with a heart full of sadness and concern to express my sincerest sympathy and solidarity following the shooting attack you were the victim on Saturday, July 13, 2024.

I am deeply shocked and saddened by the violent event that endangered your life. At a time when the nation has already faced many challenges, this tragic event is a painful reminder of the dangers you and other leaders face daily in public service.

I want to express my gratitude for your courage and determination. I firmly believe that the value of human life and respect for your nation's leadership transcend all political divisions.

Together with the People of Veneto, I wish you a speedy recovery, both physical and emotional, and for the safety and well-being of your family and all those dear to you. At times like these, it is essential that we come together, renewing our commitment to the values of peace, respect and mutual understanding.

I remain confident that you will continue to work for the good of the country with the same determination and commitment you have always shown. I wish you strength and
