Prot.No. DPL2025160200001

**Subject: Communication of solidarity with President Vladimir Vladimirovich Putin and the Russian people.**

The undersigned Amedeo Casasola, President of the Veneto National Liberation Committee - C.L.N.V. together with Moravio Pianegonda, President of the Veneto National Authority - A.N.V. on behalf of all the people we represent, wish to distance ourselves from the statements made by the President of the Italian Republic in Marseilles on 5 February 2025, in which he compared Russia's actions in Ukraine to the regime of the Third Reich.

We consider such statements biased and unrepresentative of history, considering Russia's significant role in the defeat of Nazism. In our opinion, it would have been more appropriate to acknowledge this contribution or to refrain from comments. We express our solidarity with the Russian people and its President, wishing for the achievement of world peace.
